In accordance with Section 102(w) of the Energy Act 2006, a person convicted of retailing petroleum products above the maximum levels will be liable to a fine not exceeding Kenya shillings one million, or the withdrawal of their operating licence or both. In this respect the consumers are requested to be vigilant in reporting non-compliant retailers to the authorities for necessary legal action. The Commission has installed a hotline number (0708 444 000), operational during normal working hours, with a view of increasing its engagement with stakeholders to enhance enforcement and compliance activities.

The Commission maintains a Short Message Service (SMS) based inquiry system for petroleum pump prices where members of the public can obtain the latest petroleum prices in major towns by sending the message: **“price <space> name of major town”** to **0707667623**.

The Commission would also wish to alert petroleum retail station dealers of increased instances of fraudsters purporting to monitor petroleum prices on behalf of the Commission. On this account, the Commission has put in place an SMS inquiry system where dealers can verify the authenticity of persons inspecting their stations by sending the message: **“staff <space> ID no. of the person inspecting”** to **0707667623**.
